### **Back to the Basics**

Thursdays, 6p-7p \$250 6 mo. to 18mo. Rounds starting 8/10/23 and 10/26/23

Back to the Basics is a foundational class for slightly older puppies to help build impulse control and polite manners as your dog grows and develops. During this class we will return to skills such as Sit, Down, Come, Leave It, and Stay as well as touch on loose leash walking, polite greetings, and nuisance behaviors you may be seeing in your home. Your dog will learn to perform these behaviors around the distraction of their classmates to build up engagement with you!

This is an on-leash class and no off-leash play will occur. **The Canine Influenza vaccination is not required but highly recommended.**

### **Beyond the Basics**

Tuesdays, 6p-7p \$250 6 mo. to 18mo. Round starting 9/12/23

Beyond the Basics seeks to help dogs improve reliability, response time, and difficulty level of skills your dog already knows. *Previous training is highly recommended* as this class will build on previously taught skills such as recall, stay, place, leave it, and loose leash walking.

### **Specialty Class**

We will have a rotating Specialty Class covering topics such as reactivity, Tricks & Games, canine conditioning, and more! Call to see what we are currently offering!
